

WIRELESS N 150 PICO USB ADAPTER

The adapter is nearly invisible once inserted into a USB port thanks to its unique low profile design

Quick Setup Wizard and Wi-Fi Protected Setup™ (WPS)¹ for easy, automatic connection to a wireless network

Wireless N 150 technology gives you increased speed and range over Wireless G²

HIGH-SPEED WIRELESS NETWORKING

Connect to a high-speed wireless network with the D-Link® Wireless N 150 Pico USB Adapter (DWA-121). The DWA-121 uses Wireless N 150 technology, which provides increased speed and range² over the Wireless G, giving you a faster, more reliable wireless connection. Wireless N 150 is an excellent solution for everyday activities such as transferring files, browsing the Internet, and downloading multimedia.

COMPACT AND CONVENIENT

The tiny DWA-121 easily connects your desktop or notebook PC to a wireless network for Internet access and file sharing. The Wi-Fi Protected Setup™ (WPS)¹ feature enables devices to quickly establish a secure connection to an access point or wireless router, eliminating complex encryption codes. The advanced RF design ensures superior wireless performance despite an extremely compact profile.

CONNECT SECURELY TO YOUR WIRELESS NETWORK

To protect your data and privacy, the Wireless N 150 Pico USB Adapter supports WPA™ and WPA2™ encryption for connecting to a secure wireless network, keeping your network traffic secure.

COMPATIBILITY ASSURANCE

The Wireless N 150 Pico USB Adapter provides a high-speed connection to other Wireless N 150 or 802.11n devices and is backward compatible with 802.11g, ensuring interoperability with a wide range of wireless routers and existing networks.

WHAT THIS PRODUCT DOES

Connect to your wireless home network by adding the D-Link Wireless N 150 Pico USB Adapter to your notebook or desktop computer. Once connected, you can use your high-speed Internet connection access, share documents, music, and photos of other computers on your network as well.

GET CONNECTED, STAY CONNECTED

Set up your new D-Link networking hardware in minutes using our new Quick Setup Wizard. The wizard will guide you through an easy-to-follow process to install your new hardware and connect to your network.
