

Lightweight Wall Mounted Cabinets

The lightweight wall mounted cabinet has fixed profiles and a large cutout panel at the rear. The cabinet is finished in goose grey with a lockable perspex inset door. The steel framework provides sufficient durability for environments such as risers or shafts. The design allows maximum access to the internal equipment through the top and base. The wall mounted frame can also be a cost effective solution for smaller networks and workgroups where a cabinet is not required.

Features & Benefits

- Manufactured in the UK
- Ideal for installation sites where space is limited such as risers and shafts
- Standard finish goose grey (other colours on request)
- Easy access to internal equipment
- Inset acrylic as standard, mesh or steel optional
- Hinged door left or right with cam lock
- Vented sides
- Removable top & bottom gland plate
- Cable entry top & bottom
- Open rear area
- 4 x wall mounting points

Accessories

A full range of cabinet accessories are available including PDUs, fixed shelves, telescopic shelves, castors, cage nuts, baying kits, roof mounting fan units and plinths.

Product Specifications	
Cable Entry	Top and Bottom
Construction	Welded
