RoHS Compliance Statement

Restriction of Hazardous Substances Directive (RoHS3)

Many of the products manufactured by Connectix Ltd are not defined as EEE and are therefore considered "Out of Scope" with regard to this Directive. However, we have been working very closely with our component suppliers since 2006 in order to ensure our finished products do not contain any of the restricted substances in concentrations above those permitted.

Restricted Substances:

Maximum Concentration Value in ppm

• Cadmium (Cd)	100
• Lead (Pb)	1000
• Mercury (Hg)	1000
• Hexavalent Chromium (Cr 6+)	1000
• PBBs	1000
• PBDEs (Deca-BDE)	1000
• Bis(2-ethylhexyl) phthalate (DEHP)	1000
• Butyl benzyl phthalate (BBP)	1000
• Dibutyl phthalate (DBP)	1000
• Diisobutyl phthalate (DIBP)	1000

With regard to products not manufactured by Connectix, appropriate measures have been in place since March 2006 to ensure that no non-compliant items were purchased for distribution.

Upon consideration of the above, we can confirm that all products supplied by Connectix Ltd are fully compliant with RoHS 3.

Kevin Hancock
Managing Director
